

A romantic sunset scene with a bride and groom standing on a wooden pier, looking out over a body of water. The sun is low on the horizon, creating a warm, golden glow. The bride is wearing a long, elegant white gown, and the groom is in a dark suit. They are holding hands and looking towards the water. The pier has a simple wooden railing.

AUSTRALIAN GOURMET TRAVELLER

## GOOD FOOD MATTERS

There are restaurants, and then there's Lake House. With almost every national gastronomy award under its belt, this culinary destination is *the icon that others look to for inspiration*.

Celebrated for its championing of great Australian producers, much is sourced from local suppliers and Lake House's own Dairy Flat Farm.

Menus nod to Mother Nature's seasons rather than a calendar and as a result create a true snapshot on the plate. Dishes are refined and elegant but above all else, delicious! They are curated depending on the style of event; a more family style shared feast, an elegant chefs tasting menu or casual lunch.

## BESPOKE STYLING

This is a region rich with eclectic country style. Think wild flowers, edible gardens and an abundance of country charm.

The artistry of our in-house florist will transform and personalise your space; whether it be foraged from country lanes or hand selected blooms from our signature growers. From the cool classicism of soft pastel roses to the contemporary country feel of cabbage flowers, moss covered branches, boughs of elderberry and heirloom quince; the options are limitless.

We can help draw inspiration from the surrounding farmlands and gardens alongside unique decorative touches to create a tailor-made vision for your special day. Styling can include beautiful bouquets and pins, hairpieces, ceremony decorations, bespoke wedding arches, table flowers, suspended botanical installations, special gifts for your guests and more ... Dreamy indeed ...

*“What matters here is space, fresh air and sunlight, elements in abundance that encourage vitality and health in ways that many could only dream.”*

## THE CELLAR

Let us organise an intimate dinner with your loved ones in our romantic and moody cellar, which houses much of the wine from our award-winning list.

A custom-made American Oak table is the centrepiece to gather around; its patina already tells of many happy parties and special occasions.

For private celebrations the cellar is lit with the warm glow of candles and decorated with fresh cut flowers.

Guests are encouraged to dress for the occasion; although local alpaca cashmere throws are provided and add to the atmosphere of a working cellar.

We love this space for a pre-wedding family dinner, anniversary or a birthday gathering.

*Up to 16 guests*

*“The benchmark for regional dining that’s incredibly and memorably spot on.”*
